Omnibus Courses and Transcript Information
March 8, 2010

The term “Omnibus” is not a commonly used curricular term. The chart below is the recommendation of Veritas Press for labeling and providing course credit on a transcript. The course titles used below will insure speaking a common language with colleges and others concerned about a student’s academic record. Students covering both Primary and Secondary books in one year should be give three credits as indicated below. If only Primary or Secondary books are covered we recommend only one credit as indicated.
